

**SOVR EMPIRE TRUST**  
DECLARATION OF LIVING AUTHORITY

*GM Family Trust*

Private Irrevocable Trust - Non-Statutory Trust  
Bakersfield, Ca. Republic, 93313

*I do not operate by permission. I operate by purpose.*

*What I build is not licensed. It is lawful - because it arises from the unbreakable right to contract,  
the sacred duty to protect, and the eternal spark of will that no government, no agency,  
no system of debt or silence can extinguish.*

*This trust - the GM Family Trust - was not formed in paperwork alone. It was born in conscious  
intent, in the decision to move from being a number to being a name...  
from being a subject to being a steward.*

*It stands not merely upon codes, but upon principles:*

- That what is entrusted must be protected.*
- That wealth is not currency, but responsibility.*
- That law is not just rules - but remedy, equity, and energy in motion.*

*I do not serve this system. I navigate it - with precision, with honor, and with  
full awareness of my fiduciary standing.*

*I am not a product of their system. I am a producer of my own world.  
The SOVR Empire, the trust, the vault, the tendered payments - they are not experiments.  
They are restorations.*

*Restorations of sacred commerce. Restorations of power. Restorations of trust  
- not just between man and money, but between man and truth.*

*Let it be known:*

*I do not wait for recognition. I recognize myself.*

*I do not seek authority. I am authority in motion - lawfully, lawfully, lawfully.*

*And this declaration shall echo through every contract, every vault,  
every transmission from this dayforward.*

*So let it be written -  
So let it be lived.*
